Grants matching your search for **2001-02 Used Oil Opportunity Grants - Sixth Cycle (UOG6)**

Los Angeles County

Grantee: City of Los Angeles

Amount Awarded: \$157,934.00

Grantee Contact: Mr. Daniel Meyers

CalRecycle Grant manager: Darrin Okimoto

Project Summary: The City of Los Angeles has identified Central and South LA as two underserved areas within the City of Los Angeles. These areas primarily house Non-English speaking populations residing in multi-family buildings. Despite the expected large population of DIYs in these communities, the participation and recycling of used oil is one third of that in other communities citywide. The City of Los Angeles intends to use the opportunity grant to implement a grass roots outreach program to increase recycling habits of the residents in these areas. Additionally, the City will launch and implement a marina oil recovery program in the San Pedro area.

Grantee: City of Palmdale

Amount Awarded: \$698,667.00

Grantee Contact: Ms. Jennifer Corio

CalRecycle Grant manager: Spencer Fine

Project Summary: The Cities of Palmdale and Lancaster are jointly applying for a grant to support development of infrastructure and public education for our residents. Currently there are limited opportunities to legally dispose of HHW and relatively few residents` use the existing used oil certified centers. We propose to: Establish a permanent HHW facility; Create two (2) ABOP centers; Establish five (5) new Used Oil Certified Centers; Develop a comprehensive outreach campaign; Expand our curbside program to target Hispanic residents; and develop a comprehensive Spanish Language outreach campaign.

Grantee: City of Santa Monica

Amount Awarded: \$246,400.00

Grantee Contact: Mr. James Conway

CalRecycle Grant manager: Don Peri

Project Summary: To develop a baseline telephone survey for the 9,500 Spanish speaking residents in the City of Santa Monica to determine the level of awareness concerning the used oil and filter recycling program while identifying the need for a targeted Spanish language outreach campaign. Based on the results of the baseline survey, develop culturally significant Spanish outreach materials that will be distributed on a quarterly basis through-out the duration of the grant and beyond. Provide post-campaign telephone survey to evaluate the effectiveness of the outreach efforts.

Grantee: City of Signal Hill

Amount Awarded: \$43,897.50

Grantee Contact: Mr. Charlie Honeycutt

CalRecycle Grant manager: Alan White

Project Summary: Signal Hill's used oil collection centers are new and currently underused. It appears that residents are currently going to Long Beach to recycle their oil. This is due to a promotional push to use Long Beach's centers as Signal Hill didn't have its own. Now with two centers in the city, there is a need to bring DIYers back to Signal Hill to recycle their oil. To do this we are proposing to initially conduct survey to determine proper DIY demographics. Based on results of survey, we will then develop a complete multi-media promotional campaign to draw used oil recyclers back to Signal Hill.

Grantee: City of Temple City

Amount Awarded: \$84,095.50

Grantee Contact: Ms. Laura Snyder

CalRecycle Grant manager: Theresa Bober

Project Summary: Temple City suffers from an on-going problem oil being left after hours at certified centers. To stop this problem the City has tried several different methods of deterring people from this act. To date none of these methods have been successful. Therefore, with the enforcement elements not working, we are proposing an aggressive, multi-media, multi-lingual public outreach campaign targeting DIYers in the City. We will compliment this campaign with three used oil collection events to allow residents to get rid of un-recyclable oil.

Grantee: Los Angeles County

Amount Awarded: \$341,131.00

Grantee Contact: Ms. Melinda Barrett

CalRecycle Grant manager: Darrin Okimoto

Project Summary: The Department of Public Works has identified a need for public education about used oil recycling in the primarily-Asian communities of the County. In order to address this need most effectively, will create a Pilot Program to address this need. The Program will consist of market research, development of an outreach plan based on that research. We will also create new educational materials and advertisements and in conjunction with participating cities, implement a public education outreach effort in Mandarin Chinese and English specifically targeted to the Asian population. The program will also include oil and filter collection events at State-certified used oil recycling centers and public outreach at community events.

Total Awarded for County:\$1,572,125.00

Madera County

Grantee: Madera County

Amount Awarded: \$174,883.50

Grantee Contact: Mr. Jim Shields

CalRecycle Grant manager: Don Peri

Project Summary: (Applicant did not fill out Project Summary.)

Total Awarded for County:\$174,883.50

Napa County

Grantee: Napa County

Amount Awarded: \$671,825.16

Grantee Contact: Mr. Dave Briggs

CalRecycle Grant manager: Cheryl Williams

Project Summary: Napa and Sonoma Counties propose to establish:

- 1) four new permanent used oil collection facilities to serve small farmers in the region;
- 2) a temporary mobile used oil, filter and drum stockpile reduction program to serve small farmers;
- 3) five new permanent oil collection facilities and one bilge water decontamination facility to serve the marinas located beside key regional waterways and the coast; and
- 4) an outreach program to educate small farmers, commercial vessels and recreational boaters about the importance of preventing used oil pollution and the availability of the new services.

Total Awarded for County:\$671,825.16

Nevada County

Grantee: Nevada County

Amount Awarded: \$151,300.00

Grantee Contact: Ms. Daria Kent

CalRecycle Grant manager: Barbara Baker

Project Summary: 1) public education program - including outreach to Hispanic migrant workers, 2) promotion of re-refined oil, 3) school education program 4) small business community program that includes amnesty oil collection events aimed at CESQGs, 5) Truckee/ Placer County regional program, 6) used quart oil container collection to include purchase of granulator.

Total Awarded for County:\$151,300.00

Sacramento County

Grantee: Rural Counties ESJPA

Amount Awarded: \$603,535.00

Grantee Contact: Mr. Greg Norton

CalRecycle Grant manager: Jeffrey Lin

Project Summary: Public Outreach campaign to increase public awareness about used oil and filter recycling, with specific emphasis on used oil filters; expand oil filter collection in some of the participating jurisdictions; establish new collection programs for plastic oil bottles; and make improvements to existing facilities.

Total Awarded for County:\$603,535.00

San Bernardino County

Grantee: San Bernardino County

Amount Awarded: \$167,161.00

Grantee Contact: Ms. Stephanie M Odenbach

CalRecycle Grant manager: Barbara Baker

Project Summary: The San Bernardino County Household Hazardous Waste program requests funds to establish an outreach, consultation and agricultural oil collection program based at the Central Household Hazardous Waste Collection Center in San Bernardino. The target population for this program will include farm, nursery, and landscape maintenance operators concentrated within the San Bernardino Valley/Foothills area, with special emphasis placed on outreach to Hispanic operators. The key characteristics of the collection element will include self-transport of oil by participants, a contingency for dealing with non-transportable oil, and services and supplies that can be offered free of charge, emphasizing the reward of proper used oil and oil filter management.

Grantee: Town of Apple Valley

Amount Awarded: \$20,000.00

Grantee Contact: Ms. Gina M. Whiteside

CalRecycle Grant manager: Barbara Baker

Project Summary: The Town is proposing the purchase of a forklift to compliment the existing/expanded HHW Collection Center Programs. Access to a forklift would facilitate movement of 55-gallon barrels of used motor oil filters, transfer barrels, and containers of contaminated oil, as well as the 500-gallon used oil tank for policing and cleaning the used oil collection area.

Total Awarded for County:\$187,161.00

San Francisco County

Grantee: Port of San Francisco

Amount Awarded: \$88,694.14

Grantee Contact: Mr. Jay Ach

CalRecycle Grant manager: Darrin Okimoto

Project Summary: Expansion of Used Oil collection in three marinas currently underserved in the City and County of San Francisco. Used oil collection will consist of used oil recycling, used oil filter recycling, used absorbent pad collection and disposal, and the recycling of plastic buckets and containers.

Total Awarded for County:\$88,694.14

San Joaquin County

Grantee: San Joaquin County

Amount Awarded: \$496,497.55

Grantee Contact: Mr. David Gorton

CalRecycle Grant manager: Jeffrey Lin

Project Summary: San Joaquin County proposes to expand the marina used oil collection program as well as target the multi-cultural population. The target audience will be the Spanish, Cambodian, Vietnamese as well as the rural and underserved populations of the County. All advertising and campaigns will be provided in four languages, including English.

Total Awarded for County:\$496,497.55

Santa Barbara County

Grantee: Santa Barbara County

Amount Awarded: \$282,020.51

Grantee Contact: Ms. Dana Green

CalRecycle Grant manager: Eric Brown

Project Summary: Provide administrative and technical support to oil collection centers and conduct a gas pump topper promotional campaign; increase filter recycling through an educational campaign and distribution of filter collection containers; site two new permanent agricultural collection facilities; and conduct a county-wide Latino outreach campaign, targeting drivers` education and auto shop classes.

Total Awarded for County:\$282,020.51

Stanislaus County

Grantee: City of Modesto

Amount Awarded: \$117,772.88

Grantee Contact: Mr. Nathan Gorth

CalRecycle Grant manager: Eric Brown

Project Summary: Establish, in Spanish, `Only Rain Down the Drain` Storm Drain Advertising and Stenciling Program that incorporates staff and volunteers to use original artwork to enlighten residents about storm drains and enhance community pride.

Total Awarded for County:\$117,772.88

Ventura County

Grantee: Ventura County

Amount Awarded: \$698,404.00

Grantee Contact: Mr. Howard Hope

CalRecycle Grant manager: Cheryl Williams

Project Summary: The County of Ventura, and the cities of Camarillo, Fillmore, Moorpark, Ojai, Oxnard, Port Hueneme, Santa Paula, Thousand Oaks and Ventura seek funding to increase participation in regional oil and filter collection programs through the following means:

PUBLICITY AND EDUCATION - Establish a new program targeting Hispanic, Spanish-speaking and under-served populations while reinforcing and expanding existing Do It Yourselfers public information campaigns. Establish a spill prevention program in conjunction with a re-refined oil promotion targeting the agricultural community.

FACILITIES - Establish and promote new programs for collection of used oil, filters, and oil byproducts from agricultural sources and boaters. Establish an ABOP facility in the East County and provide mobile oil and filter collection to Hispanic and other under-served communities in the County.

Total Awarded for County:\$698,404.00

Yuba County

Grantee: Regional Waste Management Authority

Amount Awarded: \$58,964.00

Grantee Contact: Mr. Keith Martin

CalRecycle Grant manager: Darrin Okimoto

Project Summary: The proposed project will provide funding for the one-time collection of historic accumulations of used oil, oil filters and storage containers from farms as a stockpile reduction program. The proposed project will also establish a permanent collection program for agricultural oil and oil filters at the Yuba-Sutter HHW Facility including the purchase and installation of a new 1,000gallon tank with a pump and wand for emptying used oil from 55-gallon drums. This program is intended to serve farms that generate too much used oil to recycle at a certified used oil collection center, but not enough used oil to pay a hauler for periodic collection. The proposed project will also include an education program to inform farmers about the accumulation volume and time restrictions for used oil and filters; to inform farmers that used oil should not be released in to the environment; and to inform farmers about the opportunities to bring their used oil and filters to a recycling center.

Total Awarded for County:\$58,964.00

Grant Count: 18

Grand Total for Selected Counties: \$5,103,182.74
